

Is a Free Criminal Background Check the Way to Go?

Article by: Matthew Bass

The more you understand about any subject, the more interesting it becomes. As you read this article you'll find that the subject of free criminal background check is certainly no exception.

A free criminal background check can be obtained but may, or may not, require more digging than a criminal background check that requires an application form and a fee. To begin one must first have enough information on the person to start the search. It is helpful to know the individual's full name, address, birth date, social security number and county of residence. The more information you know at the onset the less work it will take to do a free criminal background check. Other important pieces of information the searcher should have at his or her disposal include knowing previous addresses for the person being searched and/or knowing the names and addresses where the person has worked or conducted business.

Not all states have the same laws governing free criminal background checks. Some states are stricter about the information they make available to the public than are others. Privacy and safety for both parties must always be respected at all times. Online access is available in some states for certain offences but not in others. For example, the registry for sex offenders (SORs) is most often the one the public can gain easy access to. Some states require a written application form be filled out and will only respond via postal mail whereas other states will provide information over the telephone or by way of fax.

Sometimes the most important aspects of a subject are not immediately obvious. Keep reading to get the complete picture.

What might be a matter of public record in one state could be disallowed in another. For that reason a free criminal background check is a simple task for some people eager for information but a more time consuming and pricey one for others. To use a specific example, in the state of Maine, voter registration records are available for the public to view but in Pennsylvania it is against the law to use this kind of information for any no-political reasons.

A free background check will more often than not only yield a small portion of the information you seek on a particular individual. If you are looking for an extremely detailed report including specific dates and places, arrests, convictions, length of time spent in prison, parole information and current living and working status for the person a free background check might not be the way to go. You might want instead to consider finding information from a source where you must pay for information but are guaranteed to receive exactly what you paid for. Some people choose not to do the legwork themselves and instead hire themselves a private investigator.

However bear in mind that a free background check does have its positive side and sometimes can be used as a jumping off point for your search. You might wish to begin your search by going the free route, see what you can gain this way and then take it to a higher level by delving deeper with a paid criminal background report. Any information you find should prove beneficial to your search, no matter what method you choose to employ. Researching free criminal background checks over the net by way of government websites is becoming more and more popular all of the time.
