

Lie Detector Tests for All Washington DC Government Employees

Article by: Lance Winslow

Everyone knows there is much corruption and many scandals in Washington D.C. with our politicians. But they are not the only ones into all this disreputable activity. Many lobbyists make friends with staffers of major politicians. In fact the lobbyists will often hire prostitutes to take care of these young staffers.

Both heterosexual and homosexual prostitutes are often hired by lobbyists to influence staffers of major political figures in Washington DC. We also know that in many agencies that secret information is given away to reporters, foreign spies and people who wish to make a profit on the information in the stock market.

We know that many backdoor deals are done with companies who leach off the government and the American taxpayer with often phony or borderline acceptable government contracts. We must stop this corruption in Washington D.C. and in the bureaucratic agencies and the only way to do this is to give lie detector tests for all Washington DC government employees at every level of government and every branch.

If anyone fails these lie detector tests they should be fired and lose their pension and disgorged from any ill gotten gains. We must protect the American people from government corruption and go full force against them so that they serve the will of the American people and uphold the Constitution of the United States of America so help them God.
